In 1931 pilots Pangborn and Herndon made a record-breaking, nonstop trans-Pacific flight from Misawa, Japan to Wenatchee, Washington. In order to increase range, they dropped their landing gear over the Pacific Ocean, belly landing on this hill overlooking Wenatchee.

SIP THROUGH WINE & CIDER COUNTRY

Four seasons of sunny days and cool nights combine with our distinct geology to create the perfect environment for winemaking. This climate has served to attract skilled and passionate winemakers that add their personalities to the story. As the appeal of hard ciders continues to spread, we are fortunate to have orchardists experienced in curating their home grown and hand-crafted blends right here in the heart of Washington’s apple country.

WANDER INTO OUR TAPROOMS

It is one thing to enjoy a quality beer, and as our community shows, quite another to experience it in good company at one of our growing number of taprooms. People flock to trivia nights, home brewing club meetings, and great food at their favorite spots. One thing is clear: there is nothing so fine as raising a glass of local suds with friends at the end of a day full of adventures.

Breweries listed on page 31.

STROLL THROUGH HISTORIC DOWNTOWN

Small town America at its finest, our vibrant downtown offers unique shops, outdoor art, and galleries surrounded by a variety of ethnic dining experiences. Thriving in small store fronts, they beckon you in. Alive with activity, new businesses and legacies work to make this downtown the best it can possibly be.
Along with shopping and dining, downtown offers a glimpse into the past with amazing building construction in the Historic District. Our state and nationally accredited Main Street really is “new business in old buildings.”

GATHER AT PYBUS PUBLIC MARKET

25,000 square feet of history is now home to 17 unique merchants and an event center open 362 days a year. Resting on the banks of the mighty Columbia River, this reclaimed steel mill now bursts with activity, high quality artisan and ethnic products, local produce, fine food and wines. Live music fills the concourse on Friday nights and a full calendar of activities, events and programs is ever growing.

RELISH FARM-FRESH PRODUCE

Copious amounts of sunshine make this a plentiful agricultural region. A century ago, settlers invested their time and personal fortunes to irrigate the arid landscape. Now with fresh water readily available, the region is ripe with bumper crops of fresh seasonal bounty that nourish our children, our souls, our economy and our world.

SMALL TOWN VIBE, BIG MOUNTAIN TERRAIN

Light powder, tons of sun, amazing views, terrain that fits everyone in the family—that’s Mission. Only 12 miles from Wenatchee, the ski area is built into a 2,000 acre basin on the eastern side of the Cascade Mountains. A little higher, a little drier, and quite a bit “sunshinier” (300 days annually, in fact) than the other mountains in the region. That means when storms come in, they drop a different kind of snow at Mission: light, dry powder. Package deals for lodging, lessons and rentals make it a top choice for winter fun! Plan your visit—check the schedule for mountain events and concerts.

Outdoor recreation is a thriving force in our community. Easily accessed trails lead to surrounding foothills open to running, hiking, and mountain biking. Local crags challenge rock climbers and mountaineers. Nearby rivers entice paddlers, boaters and fishermen. Towering over all of this are the peaks of the high Cascades that skiers and backpackers love. There’s a lifetime of outdoor adventures out our back door. Catch a shuttle, hire a guide, and run or ride Devils’ Gulch Trail.

FOLLOW THE APPLE CAPITAL LOOP TRAIL

The Apple Capital Loop Trail is a serene setting for strolling, power walking, running and biking, spanning 26 miles in the heart of the Wenatchee Valley, with easy access points on both sides of the river. Manicured parks and lawns decorate the west side; the east side showcases the natural arid dessert beauty. Inquisitive folks can tour through the Horan Wildlife Preserve, a prime birding area at the confluence of the Wenatchee and Columbia Rivers.

It’s beautiful here. But our lakes, rivers, meadows, and foothills are more than just scenery—they’re also a valuable resource, providing the area with quality water, recreation, and a vital connection to nature. The Chelan-Douglas Land Trust works with private landowners, businesses, and local communities to ensure that we will be able to enjoy the benefit of cherished natural areas for years to come. Learn more about how to volunteer, donate, and support efforts to protect these areas that enrich our lives, and ensure that future generations will have open space and clean, healthy rivers.

AFFIRM HISTORY

Explore our region’s heritage, from the Ice Age to the present day. Our museum features exhibits on natural history, tours, local stories and events. Learn about the world’s first Trans-Pacific flight, the germination and growth of the apple industry, early railroad routes, Ice Age Floods, native peoples of the plateau and much more. Not only does it reflect our past, the museum acts as a cultural hub and carries us into the future with art, community events, clubs and support for documentary films.

APPLAUD LIVE MUSIC

Live music graces the summer air outside, as well as the halls, pubs, basements, parks, orchards and backyards. Concerts regularly attract an enthusiastic following, whether for jazz, rock, folk, acoustic, bluegrass, mariachi, or the symphony—you name it. Check the events calendar for performances throughout the area at local venues, including wineries, restaurants, orchards, parks, casinos and resorts.

ENJOY OHME GARDENS

In 1929 it took a certain type of vision and fortitude to take 40 acres of scrub desert growth and turn it into flourishing alpine meadows, shimmering pools and shady evergreen pathways that overlook the entire Wenatchee Valley, with the Columbia River flowing through it. Open seasonally, this Chelan County Park is now available to tour, use as a wedding venue, or for quiet contemplation, concerts, and yoga.
